The long blue chimney are the latest type of oil cooking burners, and **THERE'S A REASON.**

The long chimney creates a draft, furnishes the flame with enough air for perfect, clean combustion and makes every drop of kerosene do all the work in its power. All the oil is turned into heat, no smoke and no odors, no soot to blacken pots and pans, this result cannot be obtained from oil burners, having shorter chimneys.

## GLAD TO TESTIFY

Says Watoga Lady, “As To What Cardui Has Done For Me, So As To Help Others.”

Watoga, W. Va.—Mrs. S. W. Gladwell, of this town, says: “When about 15 years of age, I suffered greatly... Sometimes would go a month or two, and I had terrible headache, backache, and bearing-down pains, and would just drag and had no appetite. Then... it would last... two weeks, and was so weakening, and my health was awful.

My mother bought me a bottle of Cardui, and I began to improve after taking the first bottle, so kept it up till I took three... I gained, and was well and strong, and I owe it all to Cardui.

I am married now and have 3 children... Have never had to have a doctor for female trouble, and just resort to Cardui if I need a tonic. I am glad to testify to what it has done for me, so as to help others.”

If you are nervous or weak, have headaches, backaches, or any of the other ailments so common to women, why not give Cardui a trial? Recommended by many physicians. In use over 40 years. Begin taking Cardui today. It may be the very medicine you need.

## GIRLS DO GOOD WORK

American Telephone Operators  
Now Serving in France.

Hundred Who Were Sent Over Giving Such Efficient Service More Will Be Sent.

Washington.—To the 100 girls from America now doing service as military telephone operators in France, 100 more in training schools here may soon be added, leaving a reserve force of 400 more on file out of about 8,000 applications.

The telephone is referred to as the “nerves of the army,” and the young women who have been accepted for this work have undergone tests as severe as those to which a soldier at the front is subjected.

The telephone exchanges often are only a short distance behind the trenches, and the operator must possess both courage and calmness under dangerous circumstances.

“These girls,” said Capt. E. J. Weston, who recruited the unit, are going to outstand the people over there by their efficiency. In Paris it takes from 40 to 60 seconds to complete one call. Our girls are equipped to handle 300 calls an hour.”

Other reports that have reached the war department from France show that the American hello girl is making good rapidly in a task as difficult as is to be found back of the front line trenches.

The first group of operators entered training school here on January 12 for instruction in advanced telephony. They received practice in the largest New York exchanges and were then tried out at military cantonments. The course included talks upon personal hygiene.

The first contingent sailed on March 2. Other groups sailed in March and April and were stationed at supply depots and debarkation bases.

In addition to speaking both French and English fluently, every one of these girls has stood a loyalty test which proved that she could be trusted with military information.

The uniform prescribed consists of a coat and skirt of navy blue serge, shirtwaist of navy blue Palm Beach cloth and straight-brimmed hat of blue felt, while the regulation orange and white cord on the left sleeve is used to designate their rank, as operator, supervisor, chief operator and so on.

Charles Barnett, postmaster at Earlinton, has resigned.

### Origin of Pig, Buffalo, Horse.

Asia mainly furnished the pig, remarkable by its archaic type, which is very close to the Sus palustris, notes a writer. Through Turkestan arrived the buffalo, which adapted its body from its surroundings—becoming smaller and more alert. The Caucasus also owes the horse to Turkestan; we find neolithic remnants of the domesticated horse at Anau, while the animal is not found in Crete before the bronze age.
